Damnation, What Doesn't Kill

True test of adversity
10 year anniversary
Never can we understand
What doesn't kill
Builds a stronger will indeed
November nine, eighty-nine
Plow it under fascist high
Never were we occupied
What doesn't kill
Builds a stronger will indeed
Chorus:
Rely on will alone
Die on will alone
Dust to dust all over the world
Monday sucks all over the world
Rely on will alone
Cemetary offering
Marijuana medicine
Every day is Halloween
What doesn't kill
Builds a stronger will indeed
Chorus
What doesn't kill?!!
