Reel Big Fish, New Version Of You

when did you quit pulling all of the stops for me?
and when did your 110% become under 50?
there you are, phonin' it in
goin' through the motions with an artificial grin
you say that you're getting better
you say that you're getting better

you say you're becoming a better person, one that isn't so lame
you say you're becoming a better person, but i still feel the same

it's the new, it's the new, new version of you
it's the new, it's the new, new version of you
it's the new, it's the new, new version of you
if there's one thing i'd like to do, it's kill the ... new version of you

when did you start wearing all of those clothes to be cool?
and when did you start using all of that slang? i can't understand you
that you forget to say "i love you", the teleprompter hadn't told you
you say that you're getting better
you say that you're getting better

you say you're becoming a better person, one that isn't so lame
you say you're becoming a better person, but i still feel the same

it's the new, it's the new, new version of you
it's the new, it's the new, new version of you
it's the new, it's the new, new version of you
if there's one thing i'd like to do, it's kill the ... new version of you

who are you?
i don't know, now
you got me wondering, i wonder how you got to be so different, now

you say you're becoming a better person, one that isn't so lame
you say you're becoming a better person, but i still feel the same
i still feel the same!

it's the new, it's the new, new version of you
it's the new, it's the new, new version of you
it's the new, it's the new, new version of you
if there's one thing i'd like to do, it's kill the ... new version of you

it's the new, it's the new, new version of you
it's the new, it's the new, new version of you
it's the new, it's the new, new version of you
if there's one thing i'd like to do, it's kill the ... new version of you
