Dark Summer, In My Heart

I've lost the answers
When I thought I knew best
And this coldness grows like cancer
Imitating happiness
You abysmal temptress of unholy design
You're too refined to decline but

Nevermind on you and I
The shadow's on the other side now
Cause I know you so well in the dark
But in my heart
In my heart you're nowhere

Collateral affection
Crushed beneath duress
Victimized by your perfection
I'm obsessed

Cradled in your love I feel my spirit bleed
Crawling through my veins for an eternity
And I did my best to try to find the words
To tell you how bad this hurts

Nevermind on you and I
The shadow's on the other side now
Cause I know you do well in the dark
But in my heart
In my heart you're nowhere

I can see through your intentions
How you desire my downfall
The enemy's in my reflection now
Dead wrong

I've lost the answers
When I thought I knew best
And this coldness grows like cancer
Imitating happiness

Nevermind on you and I
The shadow's on the other side now
Cause I know you so well in the dark
But in my heart
In my heart you're nowhere

In my heart you're nowhere

Nowhere
Nowhere

In my heart you're nowhere
