Sarina Paris, Distracted

All the time
It's always on my mind
All the time
It's always on my mind

There are things that are running through this young girl's head
When I get up in the morning
When I'm going to bed
When I'm driving in my car
When I'm talking on my cell
Craving for a fellow when I'm watchin TRL

I think about love
I get distracted
When I think about hookin up with you
It gets all my concentration
I get preoccupied
You got me in a daze
I get distracted

When I'm standing in a line at the ATM
When I'm stirrin my sugar in my cafe mocha blend
When the radio is playing a song like this
I float away somwhere
Dreaming of your kiss

I know it's crazy
Living in this fantasy
But I dont know how to break this spell you put on me
Trying to stay focused on the things I'm suppose to do
But before I know it my attentions are back on you

I get distracted
Yeah
I get disconnected
Yeah
Can't help myself
You got me in a daze

What's a girl suppose to do
All I think about is you
Can't help myself
Disconnected
Yeah yeah

I think about love
I get distracted
I think about hooking up with you
