Neil Sedaka, Fly Don't Fly On Me

Fly don't fly on me,
fly around somebody new.
Fly don't fly on me,
your buzzing and your humming is making me blue.
I can't sleep at night,
I toss and turn with all of my might,
knowing you are there,
you'll take my dreams and turn my dreams into a nightmare.
When I go to sleep
I don't count the sheep,
I just think about my sweetie-pie.
Then you fly on me,
oh what misery.
Ooh ooh ooh ooh ooh
you mess me up and wake me up so I wanna cry.
Fly don't fly on me,
fly so I can dream all night.
Fly don't fly on me
and when you go away I'll see her holding me tight,
'cause in my dreams I know she's gonna treat me so right.
When I go to sleep
I don't count the sheep,
I just think about my sweetie-pie.
Then you fly on me,
oh what misery,
ooh ooh ooh ooh ooh
you mess me up and wake me up so I wanna cry.
Fly don't fly on me,
fly so I can dream all night.
Fly don't fly on me
and when you go away I'll see her holding me tight,
'cause in my dreams I know she's gonna treat me so right.
Fly don't fly on me, shoo.
Fly don't fly on me, shoo.....
