DJ Kane, You Still Belong To Me

your tears
say all I need to know
i'm here
trying to keep away the loneliness
you were u=in love with me
i'm the one who gave you everything
I gave you it all

you can runnaway
but you still belong to me
all your love will stay
no matter if I set you free
and we can say good-bye a thousand times
but I will know
that you still belong to me
uhhhh
you still belong to me
uhhh
you still belong to me

you say
yur feelings for me have changed
just went away
like a fire in the rain
I know its all a lie
our love will never fade into a memory
no it wont dissapear

you can runnaway
but you still belong to me
all your love will stay
no matter if I set you free
and we can say good-bye a thousand times
but I will know
that you still belong to me
uhhhh
you still belong to me
uhhh
you still belong to me

when you come back to me
when you realize that im the one
the only one you need
find my arms are open wide

you can runnaway

all your love will stay

cuz you still belong to me

you can runnaway
but you still belong to me
all your love will stay
no matter if I set you free
and we can say good-bye a thousand times
but I will know
that you still belong to me

you can runnaway
but you still belong to me
all your love will stay
no matter if I set you free

and we can say good-bye a thousand times
but I will know
that you still belong to me
uhhh
you still belong to me
uhhh
your heart will set you free
uhhh
soon your gonna see
uhhh
baby my love will neva leave
