DMX, Ghetto Life

It's not like me to have my back turned to open places
I wanna see it when it's comin, so I can open faces
Open cases got me payin to stay out of jail
While these streets, got me to prayin to stay out of hell
Slipped, and I fell, got back up - slipped again
But no matter what its been, niggaz never got a win
Its a thin line I walk, everyday but Im good!
Project nigga all my life, but wouldnt say the hood!
Knew what I was doin, everyday that Ive been doin it
Seein niggaz havin a good time, so ima ruin it
Fuck you, and fuck your man, both y'all niggaz is puss!
Frontin like you out the jungle but aint never seen a bush!
When push comes to shove, whatever love we had take it witchu
Now peep what I just said and see how long it takes to hit you
Everybody knows you can talk all day
But when its on what you gonna do - walk away?

One love Boomer, rest in peace, baby!
Dark Man X, DMX
