SONICFLOOd, I Will

My Saviour, Redeemer
My love and my Lord
I'll give You all of my heart
My will and my soul
You take me as I am
A scarred and broken man
Lord, I surrender all I have to You
To You

Refrain:
I will give you everything
I will, I will
Make my life an offering
I will, I will

My Saviour, I'll never
Forget what You've done
You carried the weight of my sin
To the cross, the victory's won!
You make my heart brand new
Now there's nothing I won't do
Lord, I surrender all I am to You, to You

So when I lose my life,
I save it, I save it
And by Your Grace I'm saved
I know, I know it
And when You were on the cross
You gave it, You gave it all
Oh, yes You did
You gave it all

(Refrain)

I will give my heart to You
I will, I will
Broken and poured out for You
I will, I will

No price I pay
Will ever be too great for me

To rest alone in the love You've shown
I'm free, I'm free

You took the stripes
You took the pain for me

So now I sing a song of hope
I'm free, I'm free

So now I sing Hallelujah
I'm free, I'm free
