Pearl Jam, Hold Me (Live)

Give me,give me,what I really need (X2)
Hold me,hold me,hold me in my sleep
Give me,give me,what I really need
All our children in there,doing something swell
Spread out what begins my hell,there's nothing left in our way

Give me,give me,give me what I need
Oh,give me,oh hold me,oh treat me for today
What I'm talking about (X2)
Is just the kind of things,of the doubt

Give me,give me,give me...
Give me,give me,give me what I need
Ooh...ooh...ooh...ooh...
Hold me,hold me,hold me in my sleep
Oh,hold me,hold me,hold me in my sleep
