Pigface, Tapeworm(Wtma Version)

got the tapeworm, I want out
against a razor, sharp and acoming
the spitting image
phone sex keeps the drive alive
and blows your brain
ash covered eyes, a gut reaction
a slow coffin, decide your fiction
watch phone sex, delivers your lies
simply the message read, the truth is in your face
is freedom talkin to no thing inside your eyes?
simply the message read, the truth is in your face
phone sex
simply the message read, the truth is in your face
phone sex keeps the drive alive
and blows your brain
simply the message read, the truth is in your face
call one eight hundred tapeworm...
