Squirrel Nut Zippers, (You Are My) Radio

The melody that's haunting me won't disappear
You are that sweet song that I long to hear
You're my relation, my favorite station, that I'll never change
You are so near, so loud and clear, you are my radio
I've fallin' head long for you sweet song, harmony
With you my sweet song is where I long to be
You're at the top of, never drop of, my hit parade
You are so near, so loud and clear, you are my radio
You're love is always on the airwaves and it's all for me
You are so near, so loud and clear, you are my radio
