Stone Roses, Begging You

I'm begging you,
I'm begging you.
The fly on the coachwheel told me that he got it
and he knew what to do with it,
Everybody saw it, saw the dust that he made
King bee in a frenzy, ready to blow, got the horn good to go wait
Oh, his sting's all gone, now he's begging you, begging you
Here is a warning, the sky will divide
Since I took off the lid, there's nowhere to hide
Now I'm begging you, I'm begging you
This is a mystery not to be solved
But be minded, like minded, I'm gone
Still I'm with you, I'm begging you, I'm begging you
Give it over, give it over
Give it over, give it begging you
Give it over, give it over
Give it over, yeah I'm begging you, I'm begging you
Weigh it and say it, is it all in a name
Does it call you or maul you and drive you insane
Can it make you remember, time is in place
Now I'm begging you, I'm begging you
The fly on the coachwheel told me that he got it
and he knew what to do with it
Everybody saw it, saw the dust that he made
Make all the dust that you can, make all the dust that you can
King bee in a frenzy ready to blow
