Eden's Bridge, In My Mind

In my mind I will keep the picture
In my mind I will hold the image
In my mind I will hold you
In my heart I will hold your love
In my heart I will not forget
In my heart I will hold you
And while were apart
Know well I will remember you
And I will be here and I will be true
Ill carry you with me
Whatever the days may bring
In my mind, in my heart, I love you

A part of my heart is there travelling with you
Part of yours remains here with me
It wont change, we wont falter

The love of my heart
Will belong to you always
The love of my life
You always shall be
Ill carry you with me (I lean on my Father)
Whatever the days my bring (To help me to wait for you)
Til the day when youll be here with me
