Stroke 9, Kick Some Ass

How many people wanna kick some ass?

I used to be a nerd
Grew up in the suburbs
Nothing there ever went wrong
I made it up in this song

I talk about the hood
I say stuff like it's all good
Tell people I'm down with all the cool kids downtown
When I've never even been there

How many people wanna kick some ass?
I do I do
And how many people sick of holding it back?
I am
Well I am too

So don't lay a fucking finger on her
She's mine and I still want her
If you put your hands upon her
You're a goner goner

And how many people sick of holding it back?
I am I am
And how many people wanna kick some ass?
I would if I could

But I'm really just a sensitive artist
Perpatrating like I am the hardest

So spin your cap around to the back
You think you rhyme but you can't rap
Loosen that strap a little more
Till your axe hits the floor

Flip off your fans
Make em cheer
Try to look sincere
Anger today's fashion
So sing another song about bashing someone's head in

How many people wanna kick some ass?
I do I do
And how many people sick of holding it back?
I am
Well I am too

So don't lay a fucking finger on her
She's mine and I still want her
If you put your hands upon her
You're a goner goner

And how many people sick of holding it back?
I am I am
And how many people wanna kick some ass?
I would if I could

But I'm really just a sensitive artist
Perpatrating like I am the hardest
Acting like I'm not the smartest
I'm really just a sensitive artist

Awwwww Yeahhhh

So don't lay a fucking finger on her
She's mine and I still want her
If you put your hands upon her
You're a goner goner

And how many people sick of holding it back?
I am I am
And how many people wanna kick some ass?

I said how many people wanna kick some ass?
How many people wanna kick some ass?
Whatcha gonna do when your sick of holding it back?
I think I kick some ass
How many people wanna kick some ass?
I would if I could

But I'm really just a sensitive artist
Perpatrating like I am the hardest
Acting like I'm not the smartest
I'm really just a sensitive artist
Honest
