Eloy, Rainbow

Life is just like a book so we turn a page
We are caught in a time of furious rage
If you're feeling down
Feels like you will drown: Fly!
On the rainbow
And your dreams will come to life
On the rainbow
You're where no one tells you lies
On the rainbow
Like an eagle you can glide
On the rainbow
Feeling high --- HIGH!!!!
There's some good to be gained out of this somehow
We had dreams, we had plans, where are they now?
Find your peace of mind
Leave all cares behind: Fly!
On the rainbow
Thousand colours flying by
On the rainbow
Like the master of the skies
On the rainbow
Tears will never fill your eyes
On the rainbow
Feeling high --- HIGH!!!!
All your efforts to win were in vain, how do you feel?
No use standing alone in the rain, is it still real?
If you're feeling down
Feels like you will drown: Fly!
On the rainbow
And your dreams will come to life
On the rainbow
You're where no one tells you lies
On the rainbow
Like an eagle you can glide
On the rainbow
Feeling high --- HIGH!!!!
On the rainbow
Thousand colours flying by
On the rainbow
Like the master of the skies
On the rainbow
Tears will never fill your eyes
On the rainbow
Feeling high --- HIGH!!!!
Rainbow
And your dreams will come to life
On the rainbow
You're where no one tells you lies
On the rainbow
Like an eagle you can glide
High --- HIGH!!!!
On the rainbow
