# Enforcer, Die for the devil

Die for the Devil, die as one

I've seen the words you are not to know
Of legends untold
I've seen the truths of the outer world
Of mysteries unfold

And through the darkness of Lucifer
I'll find my way
Because in darkness I see the light

The time has come
Die for the Devil, die as one
Nowhere to run
Die for the Devil, die as one
We die as one

I've seen the worlds of the future burn
In the mist of the past
I've seen the gates to the underworld
Where heavens lay vast

And with the guidance of Lucifer
I'll live again
Eternal wisdom
Eternal life

The time has come
Die for the Devil, die as one
Nowhere to run
Die for the Devil, die as one
We die as one

The time has come
Die for the Devil, die as one
Nowhere to run
Die for the Devil, die as one

I'm on the run
Die for the Devil
Beneath the sun
Die for the Devil, die as one

Die for the Devil
Die for the Devil, die as one
