Erasure, Crying In The Rain

Can you make it alright?
Can you make it okay?
When the talk don't come out right
You're moving further away

Now I feel no pain
I do my crying in the rain

Everybody hurts when you play in the game of love
Stumble and fall, and it's all in the name of love

Words don't come out right
Can you make it okay?
And the way I feel I keep out of sight
Then make the heartbreak fade away

And the nights are long and cold
I want you here my dear, to hold

Everybody hurts when you play in the game of love
Stumble and fall, and it's all in the name of love

Everybody hurts when you play in the game of love
Tear it apart, and it's all in the name of love

Now I feel no pain
I do my crying in the rain

Everybody hurts when you play in the game of love
Stumble and fall, and it's all in the name of love

Everybody hurts when you play in the game of love
Tear it apart, and it's all in the name of love

Everybody hurts when you play in the game of love
Stumble and fall, and it's all in the name of love
