The All American Rejects, Her Name Rhymes Wi

Shes the one you see.
What more can I say?
Got the voice of an angel.
Perfect in every way.
From two till six,
we talked, we kissed.
The night was perfect bliss.
And I never felt like this.
Holding hands with her through the night.
I was scared, everythings all right.
I know I'm young.
She's smart. I'm dumb.
We leaned in for a kiss.
And I never felt like this.
This is for the girl who defines beauty.
With her long blonde hair,
I can't see why everytime I see her,
I go weak in the knees.
Her name is Lindy and she want me.
As I think in my room of the feelings I have spawned,
I remind myself in two months you were gone.
My time with you my dreams came true,
and with you I can't miss.
And I never felt like this.
This is for the girl who defines beauty.
With her long blonde hair,
I can't see why everytime that I see her,
I go weak in the knees.
Her name is Lindy and she wants me.
I wrote this song to get you out of my mind.
But since I did, I think about you all the time.
This is for the girl who defines beauty.
With her long blonde hair,
I cant see why everytime I see her,
I go weak in the knees.
Her name is Lindy and she wants me.
She wants me. And I want her.
