Ratt, Luv Sick

I need somebody to walk me through this maze
I know there's no one, no one else to blame
I know I'm feelin and acting like a fool
Don't try and stop me, I'm comin back to you
Every time I feel that I can move on by myself
Someone to believe in is always there for me
My eyes are rusted I feel no pain
My heart's done hurt me
My that's strange yeah I feel luvsick
Tell me somethin new
Sit back, love attack, I got it bad for you
Luv sick
Luv sick
Luv sick

Somebody save me I'm fallin everyday
Sometimes I feel it
Not that far away
Should of seen it coming
I've done this all before
Just say you want me and I'll be back for more
Every time I feel that I can move on by myself
Someone to believe in is always there for me
My eyes are rusted I feel no pain
My heart's done hurt me, sorrow and pain

Yeah I feel luvsick
Tell me somethin new
Sit back, love attack, I ain't done with you
Luv sick
Luv sick
Luv sick
Luv sick
Luv sick
I got it bad for you baby

[solo]

Every time I feel that I can move on by myself
Someone to believe in is always there for me
My eyes are rusted I feel no pain
My heart's done hurt me, sorrow and pain
Yeah I feel luvsick
Tell me somethin new
Sit back, love attack, I ain't done with you
Luv sick, Luv sick, Luv sick, Luv sick
Luv sick, Luv sick, Luv sick, Luv sick
