RBD, Choose Well Being

Naranana naranana naranana naranana
Whenever you go to find
Another opportunity
To restart
Open the wings and fly
If you arrive in fall
Do not be overcome
I know I can hardly believe
Life is a matter of faith
Light fill your whole being
You see, you're gonna be okay
Naranana naranana naranana naranana
Find within you (within you)
What makes you live
No need to ask
Permission to be happy
Light fill your whole being
You see, you're gonna be okay
Naranana naranana naranana naranana
You always have faith
Naranana naranana naranana naranana
Everything is a matter of faith
Light fill your whole being
You see, you're gonna be okay
