

# 3 Doors Down, Heaven

I got lost out there in this world  
Looking for a brand new way to fall down  
It's no surprise that things gotten worse  
And I thank god you never let me drown

I didn't have to lie to myself for so long  
I didn't have to let myself get so far gone  
I didn't have to make the ones I love feel so alone  
I didn't have to die to go to heaven - I just had to go home

While I was having the time of my life  
I think my soul died a little every day  
I always called to say I'm sorry  
You said it's okay  
But you should be through it all - you never walked away

But I didn't have to lie to myself for so long  
I didn't have to let myself get so far gone  
I didn't have to make the ones I love feel so alone  
I didn't have to die to go to heaven - I just had to go home

Into the arms of my angel  
Into the peace I left behind  
All I had to do to save my own life  
Was to look into your eyes

But I didn't have to lie to myself for so long  
I didn't have to let myself get so far gone  
I didn't have to make the ones I love feel so alone  
I didn't have to die to go to heaven to find my angel

But I didn't have to lie to myself for so long  
I just had to go home  
I just had to go home  
I just had to go home
