

3 Doors Down, Here By Me

I hope youre doing fine out there without me
Cause Im not doing so good without you
The things I thought youd never know about me
Were the things I guess you always understood

So how could I have been so blind for all these years?
Guess I only see the truth through all this fear,
And living without you

And everything I have in this world
And all that Ill ever be
It could all fall down around me.
Just as long as I have you,
Right here by me.

I cant take another day without you
Cause baby, I could never make it on my own
Ive been waiting so long, just to hold you
And to be back in your arms where I belong

Sorry I cant always find the words to say
But everything Ive ever known gets swept away
Inside of your love

And everything I have in this world
And all that Ill ever be
It could all fall down around me.
Just as long as I have you,
Right here by me.

As the days grow long I see
That time is standing still for me
When youre not here

Sorry I cant always find the words to say
Everything Ive ever known gets swept away
Inside of your love

And everything I have in this world
And all that Ill ever be
It could all fall down around me.
Just as long as I have you,
Right here by me.

And everything I have in this world
And all that Ill ever be
It could all fall down around me.
Just as long as I have you,
Right here by me.
