Felix Da Housecat, Nina

I know this funny girl
Her name is Nina
And I never knew a girl like this
I'm sure you'd like to meet her
She lives on top a hill
Like mix it Jackal Jill
And I never knew a girl like this
I'm sure you'd like to meet her
Some people lie and tell
I never lie just cut the spell
And I never knew a girl like this
I'm sure she'd like to please ya

Some say she's got a man
I just can't understand
Why a girl would wanna do me like this
I'm sure she's got a reason
Her house is up for sale
Where she goes she'll never tell
And Nina was a girl I'll miss
I'm never gonna see her
I'm never gonna see her
I'm never gonna see her
