# Fiddler's Green, Tangerine

-It's been so many days, so many nights, so many people
I wanna see the sky like a child with eyes that don't ask why
The orange light lights up the past it's shining bright but moving fast-

I love, I love ,I love the time, when time is a word without life
Lost on the way but the way is all it takes
I know I'm lost in empty spaceland
So this one goes out to an unknown friend

Can you see the sky
The sun is dying away
In this orange light
My love is tangerine
No matter where you are

(Dub me)
(Dub me)

I love, I love, I love the time
When time is a word without life
Swimming in orange light without fear
I know I'm lost in empty spaceland
So this one goes out to an unknown friend

Can you see the sky
The sun is dying away
In this orange light
My love is tangerine
No matter where you are

(Dub me)
(Dub me)
(tangerine)
(Dub me)
(tangerine)

Mach mir den Himmel rot
Brenn auf mein Gesicht
Lass' die Seele erglh'n
Kriech mir unter die Haut
Ich will das Feuer berhr'n
Mach mir den Himmel rot
Lass mich in Dir verglh'n
Schau mir ins Gesicht
Ich will Dich jetzt berhr'n
Mach mir den Himmel rot
Und schenk mir Deine Glut
Mach mir den Himmel rot
Mach mir den Himmel rot
