Fiddler's Green, Whack Me

Watch me picking up the pieces
See me out of whack
Welcome to my scary nightmare
Watch me get the sack

Alright, come waste my time now
Sometimes life's a bitch
Alright, I won't decline you
Wild wild winds are here to stay

So whack me if you want to
Whack me if you can
Maybe you can break the ban
So whack me if you want to
Whack me once again
Maybe you can break the ban

Help me 'cause my life's departed
Eat my bleeding heart
Suck my dreams but get me started
Watch me fall apart

Alright, the city's beating
City of the dead
Who cares what's her name and
So I take a whack at you

So whack me if you want to
Whack me if you can
Maybe you can break the ban
So whack me if you want to
Whack me once again
Maybe you can break the ban

Drum sei doch nicht betrbt
Wenn dein Schatz dich nicht mehr liebt

So whack me if you want to
Whack me if you can
Maybe you can break the ban
So whack me if you want to
Whack me once again
Maybe you can break the ban

Drum sei doch nicht betrbt
Wenn dein Schatz dich nicht mehr liebt
