The Hives, Well All Right!

Yeah x8
Well All right! I know just what you mean
Well All right! And I know that it might seem
Well All right! I should have better things to do
Well All right! I'm so sick of it, this won't do
First in line but last to know
Move too fast but think too slow
People see me and they go AAAAHHHH!!!!
Whoo Hoo! x8
Everyone's a looser in the modern world
Look at all the sad and gloomy little boys and girls
All of you got troubles all of you got woes
Shake the chips off your shoulders here is how it goes
Juggling chainsaws with just one hand
Falling down the stairs with a marching band
Swim across the ocean in a concrete suit
Trying to grow a beard but still look cute
Whoo Hoo! x8
On and on the world spins round - It is enough to
get you down
But I don't worry cause sometimes you just
have to...
Whoooo Hoooo!
