Flying Blind, Paralyzed

It feels I'm drowning in a sea of hope
Check one more day up on the wall
Look how we never seemed to be before
And now it's time to take the fall
Smash, my controls are smashing into you
My inner workings override
I can't know that I will not think again
The combinations slide
Here I lie, awake
Better alive, here I lie again
So warm...
So warm...
Some very planetary influence
Pulled me to Gravity, it thrives
Day counting, see you coming back again
I work for Tuesday to arrive
Hold me, wrap me, blanket me again
Your calm will, wrapped with cunning eyes
Spacewalking, super-signed Canadian
The curtains open up the sky
Here I lie, awake
Better alive, here I lie again
So warm...
So warm...
Here I lie, awake
Better alive, here I lie again
So warm...
Warm...
