Foster The People, A Beginner's Guide To Destro

I can't blame you...
And I can't save you
But I will try

You and I
You and I
Will find us
All for doing the little things that you've done
But I will try
I....
I.....

Coming from your jokes and your lies
And your chariots of fire
You tongue is with the antidote
And you're starting to show your true colors

Now I'm staring at the moon
Wondering why the bottom fell out
And searching for answers
And it's questions I found
Open you eyes, and share this burden somehow
Are you ready to drink,
Or are you waiting to drown.

I would break you
Before I let you,
Fall into a blind.
You and I...
For you and I will preview
Of the truth that coming
Of the kids who will love

I.... I....

We change the dreamers and the preachers
And the wise men on the hill
To come and step and smile
Is terrified to lose the power and come true

Ahhh.... Ahhh... (2x)

Yeah, we've been crying for a leader
Speak, like they are prophets
The blood of the forgotten wasn't spilled without a purpose
Someone said

Now I'm staring at the moon
Wondering why the bottom fell out
And searching for answers
And it's questions I found
Open you eyes, and share this burden somehow
Are you ready to drink,
Or are you waiting to drown.
Yeah

Ahhhh (10x)

Yeah, yeah, you'll never be home
You'll never be home
Until you lose control
Big freeway to smash, the walls, apathy, stop,
Self-important to look when with somebody else

Yeah, yeah, you'll never be home
You'll never be home
Until you lose control
Stop drinking the wine, that's been dripping from lips, that burns entrails of envy, even bloodied tee

Yeah, yeah, you'll never be home
You'll never be home
Until you lose control
