Verse 1
I'm coming down,
Don't anybody come around and pull me under
I had my ?
And caught up in my ? and I feel so out-numbered
I'm coming down,
Don't need to help yourself to help evolve my species
I won't slow down,
Just need a little time, I am all the ?

Chorus
Don't, I'm better on my own, just leave me all alone, 'cos I feel suffocated
I'm, tormented every time, I temper with my mind, I'm just complicated
Don't, I'm better on my own, just leave me all alone, 'cos I feel suffocated
I'm, tormented every time, I temper with my mind, I'm just complicated

Verse 2
You try and reason my doubt, race me
You try and draw it all out, make me
Into the girl in your eyes, save me
So what you hoping for, some kinda kinda war, maybe?
I don't speak before I think, I don't pretend to know everything
'Cos what you see, is what you get.
But that's just me, and I ain't got no regrets.
I'm gonna keep on going til there's nowhere to go,
I'm pushing til the damage is done, oh oh
It's not about just proving what your tryna show,
I'm stayin with alot of the sun. (Lot of the sun)

Chorus
Don't, I'm better on my own, just leave me all alone, 'cos I feel suffocated
I'm, tormented every time, I temper with my mind, I'm just complicated
Don't, I'm better on my own, just leave me all alone, 'cos I feel suffocated
I'm, tormented every time, I temper with my mind, I'm just complicated
