Sergio Mendes, Some Time Ago

Some time ago I had a dream
It was happy, it was lasting, it was free

And now in life, oh, can't you see
How we can make that dream into reality

Oh, the music, it was playing
Oh, the firelight, it was dancing
All the children, they were singing
All the people, they were loving

Some time ago I had a dream
It was happy, it was lasting, it was free

And now in life, oh, can't you see
How we can make that dream into reality

Oh, the morning sun, it was soft and cool
Oh, the evening breeze, it was warm and gold
All together life had started to unfold

Some time ago

A msica estava tocando
Os fogos estavam danando
E as crianas a cantar
E as pessoas a se amar

O sol da manh suave e tranqilo
A brisa da noite quente e dourada
E a nossa vida recm comeava, desabrochava
H um tempo atrs
