Freya, Why Fake It?

Why Fake It?

The first recording of this song was made in Mark's Recording Studio in Copenhagen in May or Jun

Why pretend smiling? Why pretend laughing?
Why pretend? Why pretend? Why pretend?
Why fake interest? Why fake modesty?
Why fake it? Why fake it? Why fake it?
There's a wolf in my forest tonight
There's a rotten tooth in my Colgate smile
There's a black cloud in my summer sky
There's a storm coming up ...

Why pretend caring? Why not be arrogant?
Why pretend? Why pretend? Why pretend?
Why make impressions? Why be kissing butts?
Why fake it? Why fake it? Why fake it?

There's a wolf in my forest tonight
There's a rotten tooth in my Colgate smile
There's a black cloud in my summer sky
There's a storm coming up ...

Accuse me - I'll confess
Abuse me - I'll undress
You confuse me - I'm in distress
Excuse me - I'm a mess ...

There's a wolf ..... etc.
