Gavin DeGraw, Dreams

Spending all my money on phone cards
Waiting for my ship to come in, in from that ocean
Come home to this sea, harboring in me
I don't believe in four-leaf clovers
All the luck they're supposed to bring
I've used all my wild cards
But there's something I can do
To get close to you

I've got dreams of love and I love you
I know you feel the same way too
I feel your spirit when you're near me and when you're away
Somehow, somewhere I'll see you again
But until then I've got dreams of loving you

Thinking bout every little thing we ever did crazy
Sipping on that memory lane
That lane never closes, seven days of the week
I can drive in my sleep

cause I've got dreams of love and I love you
I know you feel the same way too
I feel your spirit when you're near me and when you're away
Somehow, somewhere I'll see you again
But until then I've got dreams of loving you

Dreams I will share when I see you again
And I'll see you again pretty soon
I pray but until then I've got dreams

I've got dreams of love and I love you
I know you feel the same way too
I feel your spirit when you're near me and when you're away
Somehow, somewhere I'll see you again
But until then I've got dreams of loving you
