Wolf, Black Magic

Lost and alone in this desolate place, my senses betray me again
Though still confused, I know I am used, standing alone in the rain
This night is dead, the stars are cold, the wind blowing dark in my mind
In the gathering gloom I sit all alone, listening to my desperate cries

I am lost inside, buried alive
I wish I could turn into stone
Still lost inside, buried alive
Why don't you leave me alone

I hardly remember the days I was free, the time prior to your spell
As an ignorant fool, writing hymns onto thee, I drank from your poisonous well
Those days are gone, just like you, you left me to wither and die
After you drained me, you drank my blood, raise your cup to the princes of the night

I am lost inside, buried alive
I wish I could turn into stone
Still lost inside, buried alive
Why don't you leave me alone

Please leave me alone

Lost and alone in this desolate place, my senses betray me again
Though still confused, I know I am used, standing alone in the rain
This night is dead, the stars are cold, the wind blowing dark in my mind
In the gathering gloom I sit all alone, with no one to hear my last sigh

I am lost inside, buried alive
I wish I could turn into stone
Still lost inside, buried alive
Why don't you leave me alone

I am lost inside, buried alive
I wish I could turn into stone
Still lost inside, buried alive
Why don't you leave me alone

Don't leave me alone
