Spock's Beard, Change

I can't help the way that I am
Cause it was you that made me
You never offered to lend a hand
So I did it for myself
I did it for myself

I know there's something missing
Got to find a way to make it happen
It's been such a long long time
Got to find a way to clean up my mind

It's time to change my story

The leaves on my tree have withered and died
A long long time ago
But the tree is not dead the voice in my head says
I've a long long way to go
Whether for you and whether for me
All is not lost if I can let it be
All is not lost if I can let it be
All is not lost

It's time to change my story
(If you find a way you can save the day)
To get back my moment of glory
(Jump into the fire and burn away)
Everybody can you feel my madness?
(there is nothing left for you to say)
Take it all in and shout it to the masses

It's all right!
