Static X, Deliver Me

Ripping at the soul
Scratching it for more
Ripping at the soul
Unattainable goal
Giving into sin
Getting out of pain
Burning in the sun
I'm drowning in the rain
Fate
Deliver me to
My
Final destintion
Somtimes it's too dark
Seek this light of truth
Sometimes hard to find
Don't die without a fight
Fate
Deliver me to
My
Final destintion
Deliver me cause I
I got my reasons
Giving into sin
Getting out of pain
Burning in the sun
Drowning in the rain
It's not too late
I got my fate
