Graham Colton Band, Morning Light

Sometimes I think I pass you walking on the street
And I believe that sometimes I think I see you looking back at me
And now I see it
Everything you feel
Saying what is real

And don't go away, say you'll stay til the morning light
And don't fade away into gray standing in the light

I lie awake at night and never sleep
To watch you breathing
I tried to smile and laugh as you turned away
But I was bleeding
Everything I feel, I make believe is real

And don't go away, say you'll stay til the morning light
And don't fade away into gray standing in the light

Sometimes I think I pass you walking on the street
And I believe that sometimes I think I see you looking back at me
And now I see it

Don't go away, say you'll stay til the morning light
And don't fade away into gray standing in the light
And don't go away say you'll stay til the morning light
And don't fade away into gray standing in the light
