Greta Van Fleet, Farewell For Now

Utwór 'Farewell For Now' z albumu 'Starcatcher' od Greta Van Fleet (premiera 21 lipca 2023r.)

We have shared with you our stories
Had ourselves a really big time
Fought in battles far from the homeland
Made love, even drank from the wine

And I wish we all could stay
But I bid you a farewell
And it means the world to play
But I bid you a farewell

Friends how’ve come so far to join us
We hope you come and join us again
Friends how’ve come to sing in the chorus
You floor us, we will sing till the end

And I wish we all could stay
But I bid you a farewell
And it means the world to play
But I bid you a farewell

And I wish we all could stay
But I bid you a farewell
And it means the world to play
But I bid you a farewell

We gathered here tonight
Did it up just right
And it’s all for you

We gathered here tonight
Did it up just right
And it’s all for you

We gathered here tonight
Did it up just right
And it's all for you
