Guided By Voices, Trying To Make It Work Again

Spiritual Hercules
Way down on your knees
Going away again
Trying to make it work again
Trying to make it work again
Trying to make it work

Turbo Boy (3:11) 1989

Turbo boy
??? fine
Can make his wheels spin
And smash the car

Clutch comes in
??? goes in
Leave the keys in the ignition
Just ???

I feel like a long lost ???
On a highway to hell
waiting for a convict waiting on a
Sign of a bell

Long words and big black birds
On a telephone wire
She said I'll look over there
There's a car on fire
