Hailee Steinfeld, SunKissing

I had a dream that
We were underwater
Drowning in us
I've had a feeling
There's something up above
Maybe its love

California
Right in front of ya
Fast lane follower
Baby take my hand and don't let go.
(Oh - yeah)

Come and catch a wave, fade away like it rains in the summertime.
Make every mistake, we'll just fly far away higher than the sky
Light drifting, Sun kissing
Light drifting, Sun kissing

I hear it calling
Swimming every summer
drowning in us
Singing like Starlings
Maybe you're the one
forever love

California
Right in front of ya
Fast lane follower
Baby take my hand and don't let go.
(Oh - yeah)

Come and catch a wave, fade away like it rains in the summertime.
Make every mistake, we'll just fly far away higher than the sky
Light drifting, Sun kissing
Light drifting, Sun kissing

Light drifting, Sun kissing
(Oooo)
Light drifting, Sun kissing
(It's you that I've been missiiing)

California
I'll take all of ya
California
Right in front of ya

Light drifting, Sun kissing,
(It's you that I've been missing)
Light drifting, Sun kissing,
(It's you that I've been missing)
Light drifting, Sun kissing,
Light drifting, Sun kissing.
