Teddybears, Automatic Lover

I got my outsides and my downsides, you got your earthcoins and your lambsides
You just have to thirst my button, cos I can take it like no other

Cos I'm your automatic lover
Cos I'm your automatic lover

From the outside to the inside, from the outside undercover
I pull myself into your mother, cos I can take it like no other

Cos I'm your automatic lover
Cos I'm your automatic lover

I'm you automatic lover, I can take it like the mother

Cos I'm your automatic lover

I got my good sides and my bad sides, is it to take all dynamic
I got no problem with my punkshot, cos I can take it like no other
I'm your automatic lover, I'm your automatic lover
