The Animators, Ordinary Moment

The dress you wore, the night we crashed that party
The way you laughed the day you got that scar
My mind is full of scenes from all our memorable days
But when youre away

I want to hold on to an ordinary moment
Polish and hold it like a stone
So I can see you no matter where I go
I'll have an ordinary moment with you

A thousand time I watched your eyes in the morning
A thousand times Ive seen you climb these stairs

With each repeat the momery seems more smooth and illusive
soon its gone

if i could on to an ordinary moment
polish and hold it like a stone
then i would see you
no matter where I go
I know I'll never be alone
I'll have an ordinary moment
an ordinary moment with you

with you
with you

if I could hold on
If I could hold on
If I could hold on
