Headstrong Feat. Kirsty Hawkshaw, Love Calls

Don't give up, don't give in
Feed the strength deep within
Let your spirit drive, let it flow
When love calls you, you will know
Love calls you by your name (repeat)
Love call you by your name, once again
Keep your faith, save the prayer
Let your instincts take you there
And as you rush, and as you ride
Love will shine in your eyes
So love calls you by your name
Love calls you by your name (repeat)
Love calls you by your name, once again
Come let your love shine
And let your soul be free
And let your heart rise
When you're in love
When you're in love (echo)
When you're in love, it's in your eyes
It's in your eyes
Love calls you by your name (repeat)
Love calls you by your name, once again
Come let your love shine
And let your heart be free
And let your spirit rise
You're in love
When you're in love
When you're in love, it's in your eyes
You're in love
When you're in love (echo)
When you're in love, it's in your eyes
It's in your eyes (repeat)
