Go!

I swear to God,
You need to feel this,
Life fades away,
As it deals it,
My hate's awake,
As it deals it,
And my pain's to rated to lose it,

Run like the wild(?)
Too mad to be on my own,
Try, try, try not to feel this,
I'm healed and sore,
Healed and sore.

Duck down,
Broken and defeated,
Just erase it,
My hate's awake,
As it deals it,
And my pain's to rated to lose it,

Run like the wild(?)
Too mad to be on my own,
Try, try, try not to feel this,
I'm healed and sore,
Healed and sore.

Life will embrace, (Life will bury you.)
Life will embrace, (Life will bury you.)
Life will embrace! (Life will bury you.)
Life will embrace! (Life will bury you.)

Yeah,

Run like the wild(?)
Too mad to be on my own,
Try, try, try not to feel this,
I'm healed and sore,
Healed and sore.

Go!
