Heather Nova, Days & Nights

I'm sorry I just get worried sometimes
And it comes out like anger
And then I take myself by surprise
I find how I feel for you

With a little bit of time
I might come of nothing
With a little bit of time
You might feel the same
'cause you are my days and nights
You don't realize
You're my days
You're my nights

Each minute is a wide open space
There's too much I know for sure
Tonight I probably push you away
All I want is to feel you close

With a little bit of time
I might come of nothing
With a little bit of time
You might feel the same
'cause you are my days and nights

You don't realize

I don't wanna feel this strong if it makes me weak
I don't wanna hold on to what's killing me
I don't wanna know, I don't wanna know

Just like the moon and the tide
I'm strapped in my senses
These feelings are mountains sometimes
It's not good pretending

With a little bit of time
I might come of nothing
With a little bit of time
You might feel the pain
'cause you are my days and nights
You don't realize
'cause you are my days and nights
I don't wanna feel this strong if it makes me weak
I don't wanna hold on to what's killing me
I don't wanna know
I don't wanna know
I don't wanna know
