Helldorado, The Snake Girl Song

Night after night at the Heartbreak Hotel
You sit all alone drinkin' whiskey from hell
Tears in your eyes and scars on your wrists
All for the sake of that girl you once kissed

Her name is Lucy !
'n she's an evil one
Lucy !
She really turns you on

Here comes the girl that I'm talkin' about
Yeah! That's Lucy, there ain't no doubt!
She's only here for to hurt and betray
And just like a snake she slithers away

Her name is Lucy !
'n she's an evil one
Lucy !
She really turns you on
