House Of Heroes, Uncomfortable (What You Wan

Dew on the grass
Cold hands
Blue dress
Remember that?

Do you miss the moon?
I do
All the stars above?
I do, I do
Don't breath the air
It's contagious
Once again, do you mind it's now?
Do you care it's here?
Don't say I do

What you want won't seem right
What you need is tonight
To be yourself
Can you be yourself?

Do you miss the moon?
I do
All the stars above?
I do, I do
Don't breath the air
It's contagious
Once again, do you mind it's now?
Do you care it's here?
Don't say I do

Uncomfortable
Don't say I do

I can't forget you
What you want is now
