Imagine Dragons, Volume Drops

I am aching, near breaking
I'm just taking my time
Just stand in line for a dance with you, whoa
Dance with you, oh-oh-oh

It may not appear
But it's been fully clear
That I'm standing here fully bleeding, near bleeding, dying
Give me for a chance with you, oh, whoa

Passion tops, time stops, volume drops
You put your face to mine
I respond holding you in kind
Baby I could stay forever time as I dance with you, oo
You, oo, you, oooo!
Oo-oo-oo-oo-oo

You stand with my heart in hand, oh
Perfect dance, perfect dance, perfect dance
So unaware of my longing stare
And all I care is to dance with you

Passion tops, time stops, volume drops
You put your face to mine
I respond holding you in kind
Baby I could stay forever time as I dance with you, oo
You, oo, you, oooo!
Oo-oo-oo-oo-oo

I freeze, I fear to breathe, my hand's been seized
My thoughts are cut, I close my eyes shut
Knowing it's not you but there's a chance it's yoooou
For a dance with me, oh, whoa, yeah, wo-o-oah

Passion tops, time stops, volume drops
You put your face to mine
I respond holding you in kind
Baby I could stay forever time as I dance with you, oo
You, oo, you, oooo!
Oo-oo-oo-oo-oo
