Jahcoustix, On The Way

Yeah I.....
.....Musical Soldier...
Yeah I...

Don't wanna be a musical soldier (musical soldier)
Don't wanna put on a musical uniform (no way)
Don't wanna be a musical Vampire (musical vampire)
You can fight fire with fire (fight with fire)

I want to be so creative
I want to be so inventive
Buy you a very bra something that I never posess
Searching for peasce and frest
Music is my life Msuic I can feel
Things can't tell you that are imaginary

I want to feel the freedom that I used to be
One filled with intentions that used to be real
All that came from blind days, only fighting
The mission of beauty, I and I must forgive

Don't wanna be a musical soldier (musical soldier)
Don't wanna put on a musical uniform (no way)
Don't wanna be a musical Vampire (musical vampire)
You can fight fire with fire (fight with fire)

Music makes me hear things that I've never ever herad before
Music makes me see things I've heard in rumor
Music makes me hear things from a new perspective
Cuz everything negative that is negative shall become positive

Musical vampire, ambushed in the night
In this life of signs of wonder
What have we got to fight
I want to feel the freedom that I used to feel
Want to send the intentions that used to be real
All that came from blind days only fighting
The mission of beauty, I and I must forgive

Don't wanna be a musical soldier (musical soldier)
Don't wanna put on a musical uniform (no way)
Don't wanna be a musical Vampire (musical vampire)
You can fight fire with
You can fight fire with
You can fight fire with fire (fight with fire)

Yeah yeah yeah
