Undercroft, Celebration Of Sin

Blinded eyes will come victorious
To my infamous rite!
Satan guide their black existence
And the night made them fly!
...feed them!!!
Moon light burns forbidden incense
And makes smell the spell!
Satan shows his evil circle
Where the power cone reborn!
Celebration of SIN!
...praise you!!!
We will laugh around the fire
Raising our sign!
Ancient god of whores and children
Satan set them free!
Celebration of SIN!
...take their blood!!!
...feed them!!!
