Universal Hall Pass, Six Step Dragon

Time stopped by
Pulling weeds up on a mountainside
Come back to me my heart

Time stopped by
Pulling weeds up on a mountainside
Come back to me my heart

Time on a mountainside
Pulling weeds up from a blind confession
She's mending broken lines
Climb to heaven on her six-step dragons

Lighting fires
Caught her pulling wings from butterflies
Come down to me be free
She's letting go of chasing time
She'll leave that to the rushing waters

Not every butterfly pulls a hurricane from over China
Keep mending broken lines

Time stopped by
Pulling weeds up on a mountainside
Come down - lai zi xin li*
She'll serenade as blossoms sigh
Thanks to the lady in the mountainside

Time on a mountainside
Pulling weeds up from a blind confession
Not every butterfly pulls a hurricane from over China
She's mending broken lines
Climb to heaven on her six-step dragon

*Chinese translation: lai zi xin li - from the heart
